Subject: Reclamation Agreement of the Wonder 2 Quarry, Diversified Stone Products, Inc., S/041/0025, Sevier County, Utah

Dear Mr. Aguiar:

Based on phone conversations between you and Lynn Kunzler of the Division, the following points were agreed upon, with regards to the reclamation and ultimate disposition of the Wonder 2 Quarry small mining operation near Richfield, Utah. This letter is a reminder so that this issue can be resolved without further enforcement action.

1. You agreed pay the outstanding permit fees of \$450.00. To date, this has not been received. Please remit this c/o Vicki Bailey at the Division ASAP.
2. You expected to have your excavator repaired by mid-September (September 16, 2008) in order to complete the required reclamation. You will also notify the Division and the BLM so that an onsite meeting can be held prior to the commencement of the reclamation activity. If additional time is needed you will contact the Division prior to September 15.
3. You will complete the reclamation of the mining-related disturbance at the site by October 31, 2008.

With you meeting the above requests, the Division agreed that the outstanding cessation order (# MC-07-01-06 issued June 21, 2007) and related civil penalty would be vacated. The Division will also coordinate with the BLM to assure reclamation standards are met, including site visits/inspections as necessary. The BLM concurred with this action and will not proceed with any action from their Office so long as the terms of this agreement are satisfied.

As discussed, If reclamation is not completed as per the above timetable, The Division will proceed to move the Cessation Order to a Failure to Abate Order, with carries a mandatory \$750.00/day civil penalty for each day the violation is not abated, up to a maximum 30 days.
